Randy,

Well the years finally over, & guess its been a good year for you, too bad you didn't place in state. Just think next year we'll be seniors "that good" but our little sisters will all be running around in the halls, at football games, dances, etc. that trouble. Maybe we could arrange it so that they all get hit by cars, flunk, do anything to keep them out. Well, I guess I'll see you this summer. Parching. Have a great summer

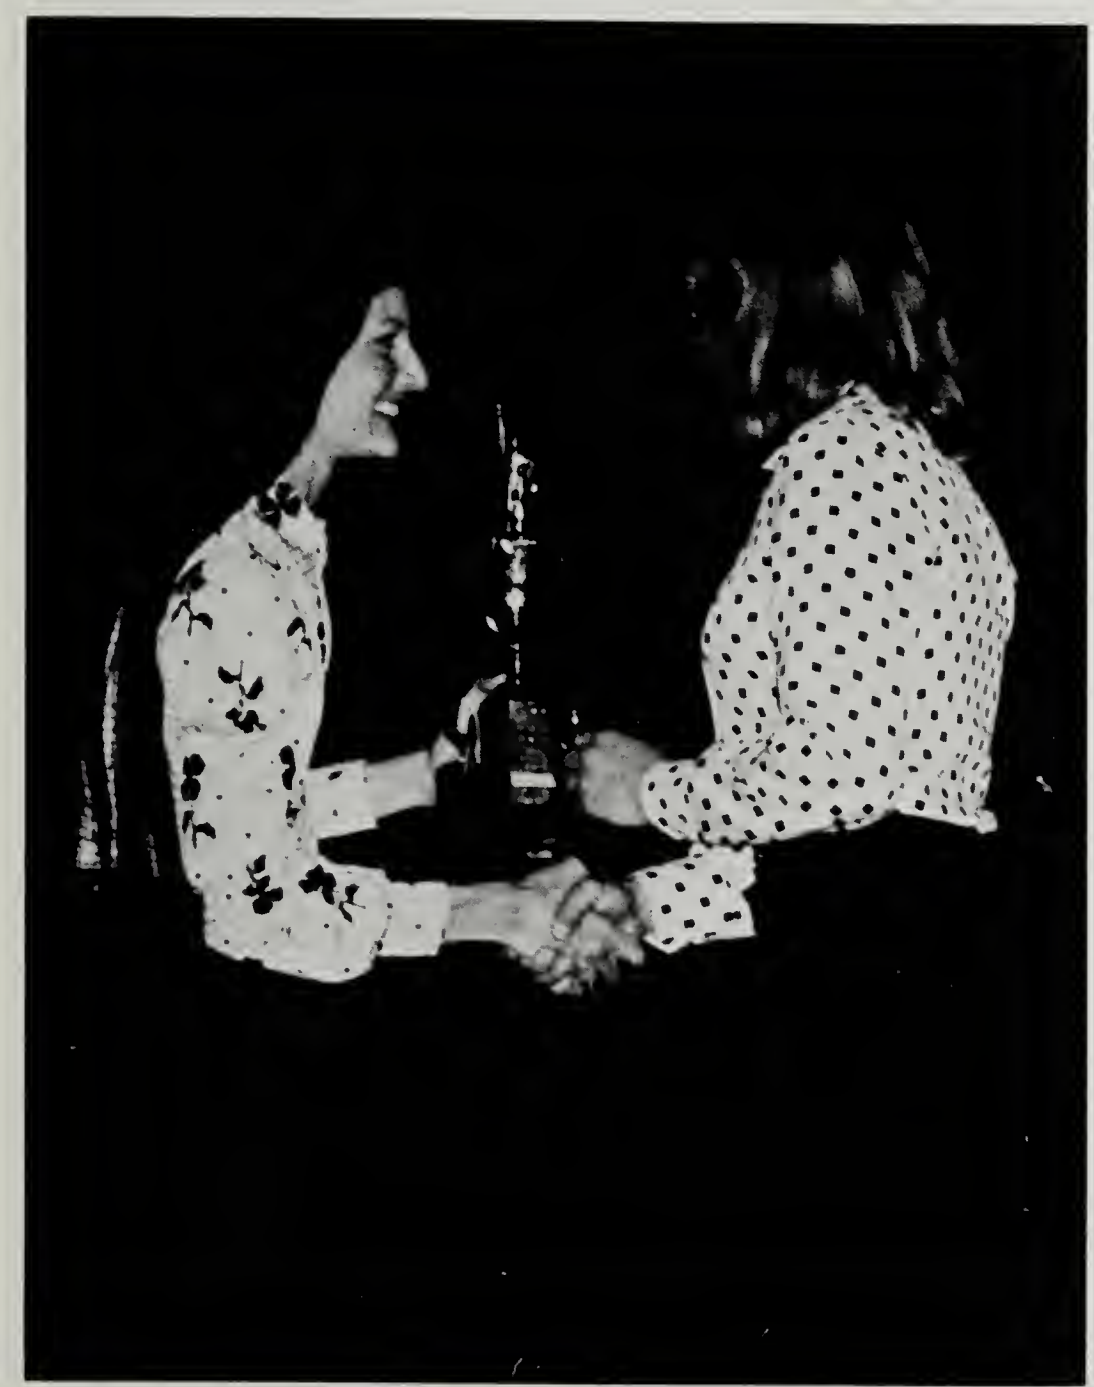
Fashion-Minded Throng Meets At Sidney's

Meet Me at Sidney's, the second spring fashion show presented at Mt. Vernon by Ms. Kathy Hutchings and the fashion merchandising students, offered more this year than would be expected from a conventional fashion show. With Bill Boyne (THE WAITER) and Penny Ward and Kevin DiLallo (THE TOURISTS), the show featured not only striking fashion, but comic relief as well. Because a fashion show needs a very large crew, Meet Me at Sidney's gave many students an opportunity to apply their individual talents. In addition to the fashion merchandising students, the Stage Lighting Crew, and members of the International Thespian Society, many other students, not in these activities, were allowed to participate in a show that will be long remembered.

Bill Boyne opens, *"Hi there . . ."* Steve Bracken admits, *"It must be my Aqua Velva."* Gladys Schmutz argues, *"No, dear, Mother said the Capitol is right next to the Empire State Building."*

Spring Activities Offer Varied Rewards



Just two of the various spring activities offered at Mount Vernon, the Athletic Department's spring Sports Program and the Choral Department's bi-annual FROLICS *offered two distinctly different, yet equally rewarding opportunities to students. The Sports Program was highlighted by such individual accomplishments as Brett Eppert's sky-scraping, record-breaking feats in the high jump, and by team efforts, such as Baseball's second-place state rank. But team work is as important in singing as it is in baseball, as the Choral Department proved. For three nights last June, the* FROLICS *filled the Little Theater with enthusiastic audiences.*

But besides the Sports Program and the FROLICS, *many other activities, such as Prom, Band activities, and Commencement made for an exciting, interesting spring.*

Majestically Arching Marble, The Warm Hand Of A Friend; After Four Years, The Grand Finale

Governor Godwin, through the diligent efforts of Ken Barnes, President of the Class of '76, came to the Mount Vernon fieldhouse last June 14 to address the graduating seniors. Not only was Godwin's visit an honor for the seniors, it was an honor for the Governor himself. While leaving the fieldhouse, Godwin remarked to an usher that he was quite impressed by the polite, attentive attitude of the seniors, and quite moved by the affection they exhibited for the school and for each other. Truly, graduation from Mount Vernon was a poignant experience.

Homecoming Spirits Not Dampened By Rain

Homecoming, '76! One could feel the excitement in the air, as Friday night drew nearer. Who was so-and-so taking to the dance? Who was going to be the Queen? Which class was going to win the float, the skit, and the cafeteria decorations?

Finally, after an excrutiatingly long wait, Homecoming, with its theme, "Places to eat," was upon Mount Vernon. Friday afternoon, it was decided that the Freshman Class, with ARNOLD'S RESTAURANT, from "Happy Days," had won the cafeteria decorations, while at the pep rally, the Seniors won the skit, with the "Major Mouseketeer Club."

That night, through the drizzle, Shannon Coleman became the 1976 Homecoming Queen, succeeding Lisa McGrath. After the Marching Majors honored Shannon with "Miss America," the floats drove by the home stands, where they were judged. The Senior Class won, with its FARRELL'S float.

Harmony Comes To Mt. Vernon Stage

October 27 saw the premier of the Choral Department's concert season at Mt. Vernon, with the fall concert, themed "The Harvest." The singers pleased the large crowd in attendance with "For All We Know," "Deep River," "Carolina Moon," *and* "Bye Bye Blues," *among other selections. Groups that performed included the Concert Choir, the Madrigals, the Select Girls' Chorus, and the Beginning Girls' Chorus. The Girls' Barbershop Quartet and its more traditional counterpart—the Boys' Barbershop—were also featured. The enthusiastic interest in choral music at Mt. Vernon—something rarely found in high schools—can be attributed only to the hard work of the 160 choral students and their sponsor, Ms. Louise Hopkins.*

Students Sell Magazines, Grads Sell Colleges

As in many years past, the magazine campaign and College Night became two of the key events during the fall, the latter organized by the guidance department, the former by the S.G.A.

An important event because of the money it raises for Mt. Vernon clubs and organizations, the magazine campaign once again was well-organized and successfully executed. Because not everyone is naturally motivated to sell magazines, prizes were offered as incentive, and what an incentive they were! According to S.G.A. treasurer Jill Rupp, the magazine campaign made approximately $5000 for the different clubs at Mt. Vernon. College night, a perennially popular event, gives students the opportunity to explore possible college choices without having to visit to the colleges.

No Amoebae Here, Still Bio II Has Dance

Yet another myth surrounding top-notch students was shattered when the Bio II Club sponsored a lucrative disco dance, in hopes of saving money for—what else—a marine biology field trip.

"What? 'Brains' listen to disco music? Ha!"

Not only did the Bio II students, who sometimes are deservingly labeled 'Brains', listen to the music, but they danced too; they even imported a professional instructor to teach the "hustle."

Perhaps that is why jet-setting socialites like Bio II Sponsor Mrs. Avery and her husband were in attendance.

Mr. Kaz quips, *"Didn't you guys know we Poles are born with rhythm?"* Hustlers Mr. and Mrs. Avery.

Gambling Runs Rampant At Mt. Vernon

A private group of lunch-time gamblers pooling money in the media center. Pensive stategists look desiringly at the Kitty, as the dealer stands uninterestedly by.

Dice, cards, and phoney money were spotlighted on November 12, when the Key Club sponsored its annual "Las Vegas Night," a highly successful fund-raising event.

For a set fee, prospective gamblers purchased a package of phoney money, with which they were free to gamble at any of the many available games—as long as the phoney money held out. The ultimate goal was to win the door prize, but for those who did not win, there was sufficient consolation in matching wits with Lady Luck.

Blithe Spirit *Materializes*

Though it was haunted by mysterious problems from the start of rehearsal, Blithe Spirit *materialized on stage at Mt. Vernon on November 18, 19, and 20. Because of the many bizarre technical failures that were manifested while rehearsing the play, the director considered postponing it, but through the "nose - to - the - grindstone" efforts of several members of the drama department, the play was presented on schedule. Produced by Troupe 1779 of the International Thespian Society, and directed by A. Lee Pauley, Noel Coward's farcical comedy brought laughs to the audiences and revenue to the Thespian Troupe.*

The play starred Terry Colley, Kevin DiLallo, Susan Donnel, and Alison Wood.

Cerebral Goals Preserved By Two Groups

The true purpose for high school is often overshadowed by numerous extracurricular activities. There are, however, two organizations which preserve academic goals: the National Honor Society and the It's Academic team.

In the fall and spring, the National Honor Society accepts applications for membership. Those who meet the high standards for membership—character, leadership, scholarship, and citizenship—are notified and inducted within a few weeks.

The It's Academic team is a group of seven people who pit their intellects against those of other area high schools in locally televised cerebral competitions. Although only three can participate in a televised production, all team members are required to endure the same rigorous mental training. Team members not pictured here are: Jim Easton, Neil McDougall, Duane Maxwell, and Chris Rowland.

Choral Department Rings In Christmas

The Choral Department repeated a tradition older than any student at Mount Vernon when it presented its ever-popular Christmas Concert. Traditional as well as current seasonal renditions were performed, offering enjoyment to everyone's musical taste. Of particular interest was the grand finale—Handel's "Hallelujah Chorus" —during which Mount Vernon Chorus alumni were invited onstage to join voices with present choral students. The applause from the audiences for both performances indicates why the Concert is repeated every year.

The Madrigals harmonize on the popular "Fruitcake." Together with Mount Vernon chorus alumni, the present choral department presents the "Hallelujah Chorus."

W.Va. Bus Trip, Candy Canes Highlight December

A busload of Mt. Vernon students, under the patient guidance of English teacher Mrs. Cynthia Rufty, took the weekend of December 4 to trek to Morgantown, West Virginia to watch Barry Signorelli, class of 1976, star in West Virginia University's production of Romeo and Juliet. *The students were housed in a church, whence a bus took them to tour the University campus, and, of course, to see the play. A week after the bus returned to Mt. Vernon, the students were still raving about the production.*

The Junior class sponsored the traditional candy cane sale this Christmas, an ever-popular fund-raising event which grossed five-hundred dollars for the class. The popularity of this project is undoubtedly due to the efficiency with which the Juniors handled their business.

Mr. Lyons *boasts about the number of candy canes he has received.* West Virginia *trip chaperones Mr. Pauley and Mrs. Rufty pose with a select group of "cultured" students.*

Freshmen Find Valentine's Day Profitable

The freshman class exhibited extraordinarily fine organization and participation when it sold Valentine's Day lollipops and carnations this February. A project usually attempted only by upper classmen, this Valentine's Day effort proved, as usual, to be quite a large task. But, any sacrifices the freshmen made to organize this project were well worth it: they sold over one thousand lollipops and over three hundred carnations. This success is just one example of the efficiency of the freshman class, a class which, as of February, had earned more money for its treasury than all the money from Mt. Vernon's past three freshman classes combined.

While Century's Worst Blizzard Cripples Traffic, It Liberates Students

The food service department at Mount Vernon has emerged as one of the most active groups at school. Every Thursday throughout the year, twice a day, food service has presented The Mount Vernon Tavern, an alternative to cafeteria lunch, available to all teachers. For a nominal fee, teachers are provided with a sumptuous square meal prepared entirely by the food service students.

In addition to operating The Mount Vernon Tavern, the department sold homemade fruitcakes to the faculty at Christmas, as well as homemade Valentine's Day cakes in February. When the group's previous sponsor, Mrs. Anne Meacham, took leave, she was replaced by Mrs. Hartman, who is continuing the program that Mrs. Meacham started—a program that has helped to make the past school year a bit more memorable for many people.

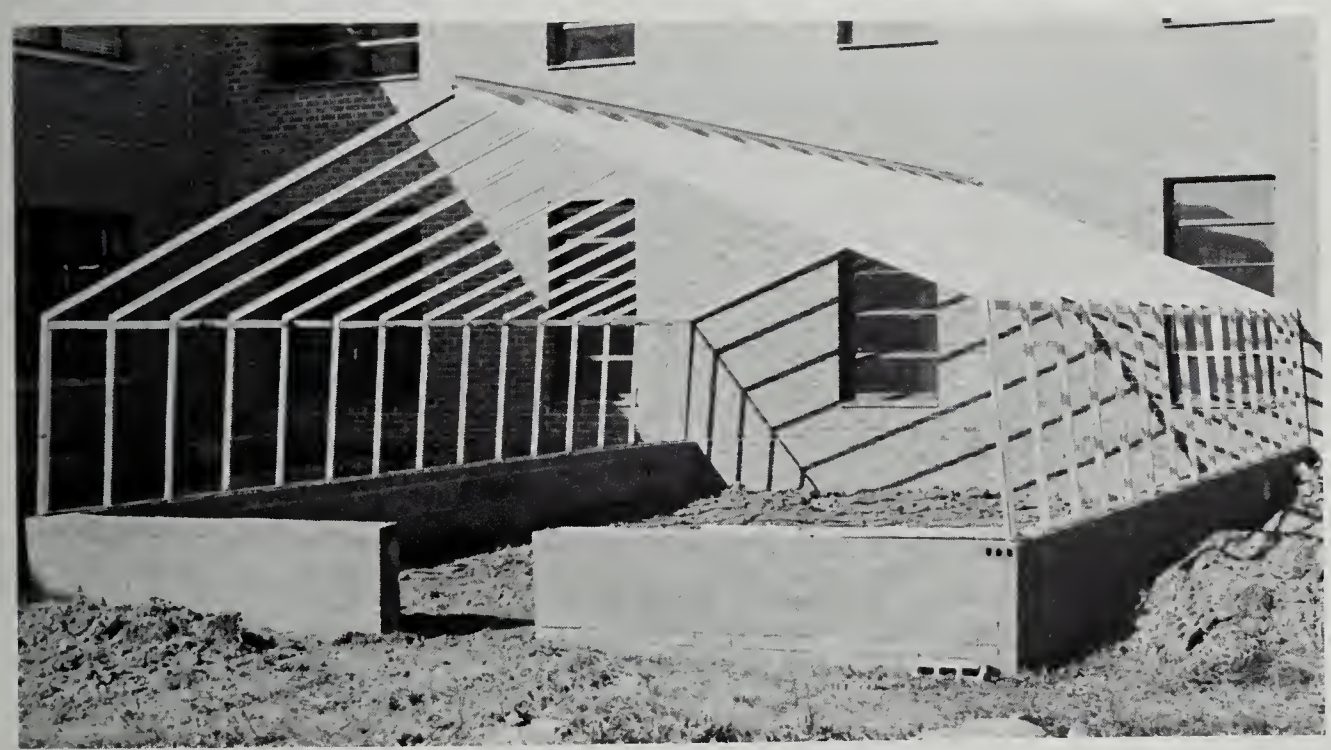
Greenhouse Starts To Bloom



After three years of dreaming, planning, and building, the greenhouse in the senior courtyard finally became a reality this spring. Three years ago, the greenhouse was not much more than a dream and a request for the county to supply one thousand dollars—enough to purchase the raw materials. After one year, the county agreed to buy the school a greenhouse, and plans were drawn. Money and labor were then needed to construct the greenhouse from the newly acquired raw materials. The PTA, the SGA, and the science department provided the money, while the Unbeaten Path Club and the Plant Club, along with other volunteers, provided the labor. Vocational students from the Edison-Mt. Vernon cooperative program were responsible for the greenhouse's wiring, and community groups and individuals supplied the plants. Thus, through the patient and unselfish efforts of many, Mt. Vernon now has a lasting treasure: the greenhouse.

Randy!
Well- well it's been a great year and I'm glad I got to be your part-manager (I never finish anything.) I think you're a great guy and we have a lot of fun together - so - next year will be GREAT! YOU KNOW IT MAMA! - I can't wait.
Hey- thanks for all the help in gymnastics and everything else I really appreciate it. And Randy be sure to go all the way to #1 in state next year in your gymnastics, okay?
Well I guess I gotta work HA! HA! on chemistry so I'll see ya later-
Take it easy and have a super fantastic summer!
Your friend,
Britt

P.S.- Remember that play we went to? That was so much fun!!! We'll have to do some more stuff together some time, okay
See ya later!!

Thirty-four girls make up the combined squads, which consists of Freshmen, Junior Varsity and Varsity cheerleaders. The girls must compete for a position on a squad and they then attend a summer camp where cheers, routines and chants are practiced and memorized.

This necessary part of cheerleading also provides a welcome opportunity to get to know the other girls. "Each girls has her own personality; it takes a great deal of time, patience and practice to get all the voices, movements and cheers in unison," comments Varsity co-captain Melissa Boster. Team work and consideration for others is also a vital part of being a good cheerleader.

The Marching Majors

Music, like a never forgotten memory, fills the hearts of Mount Vernon students. Under the direction of Jim Dash, the Symphonic, Stage, Concert, All-Regional, and Marching Bands have a quality admired by students, parents, and teachers of the community. They are a part of the school that everyone thanks for their concerts, parades, and half-time entertainments. Without them how else could we get the feeling of pride, hearing the alma mater, the fight song, or Hallelujah Chorus.

There is a group right for anyone who sings. Mt. Vernon songsters are well known and applauded both in and out of school. Their own exclusive honor society, Modern Music Masters, consists of qualified choral and band upperclassmen. Huge as the department is, they prove that one does not have to sacrifice quality for quantity.

Key Club Challenges Indifference

We live in a society plagued by indifference, in which many people complain but very few take the initiative to help create a better world to live in. Through this year's theme, "Challenge Indifference", M.V. Key Clubbers have replaced apathy with involvement in their club and community activities. Their biggest project for the year is helping with the M.V. Hospital. Included in this project are: guided tours, landscaping projects and training of workers to assist in the hospital. Other big activities include Las Vegas Night, a Dance Marathon, and the Dating Game Show.

Junior Honor Society Shows Spirit

The Junior Honor Society has proven itself to be one of the most active organizations at Mt. Vernon High School. Qualifications for membership consists of a 3.5 academic average, teacher recommendation and a well rounded personality. Through candy sales, the major project of the Junior Honor Society, over $500 dollars was earned which in turn was used to finance charitable activities, such as the Mother's Day Tea at Oak Meadows Nursing Home. They also have donated money to the Peace Corps for the building of schools and to the Melinda Darnell fund. Junior Honor Society has also given money to the greenhouse project.

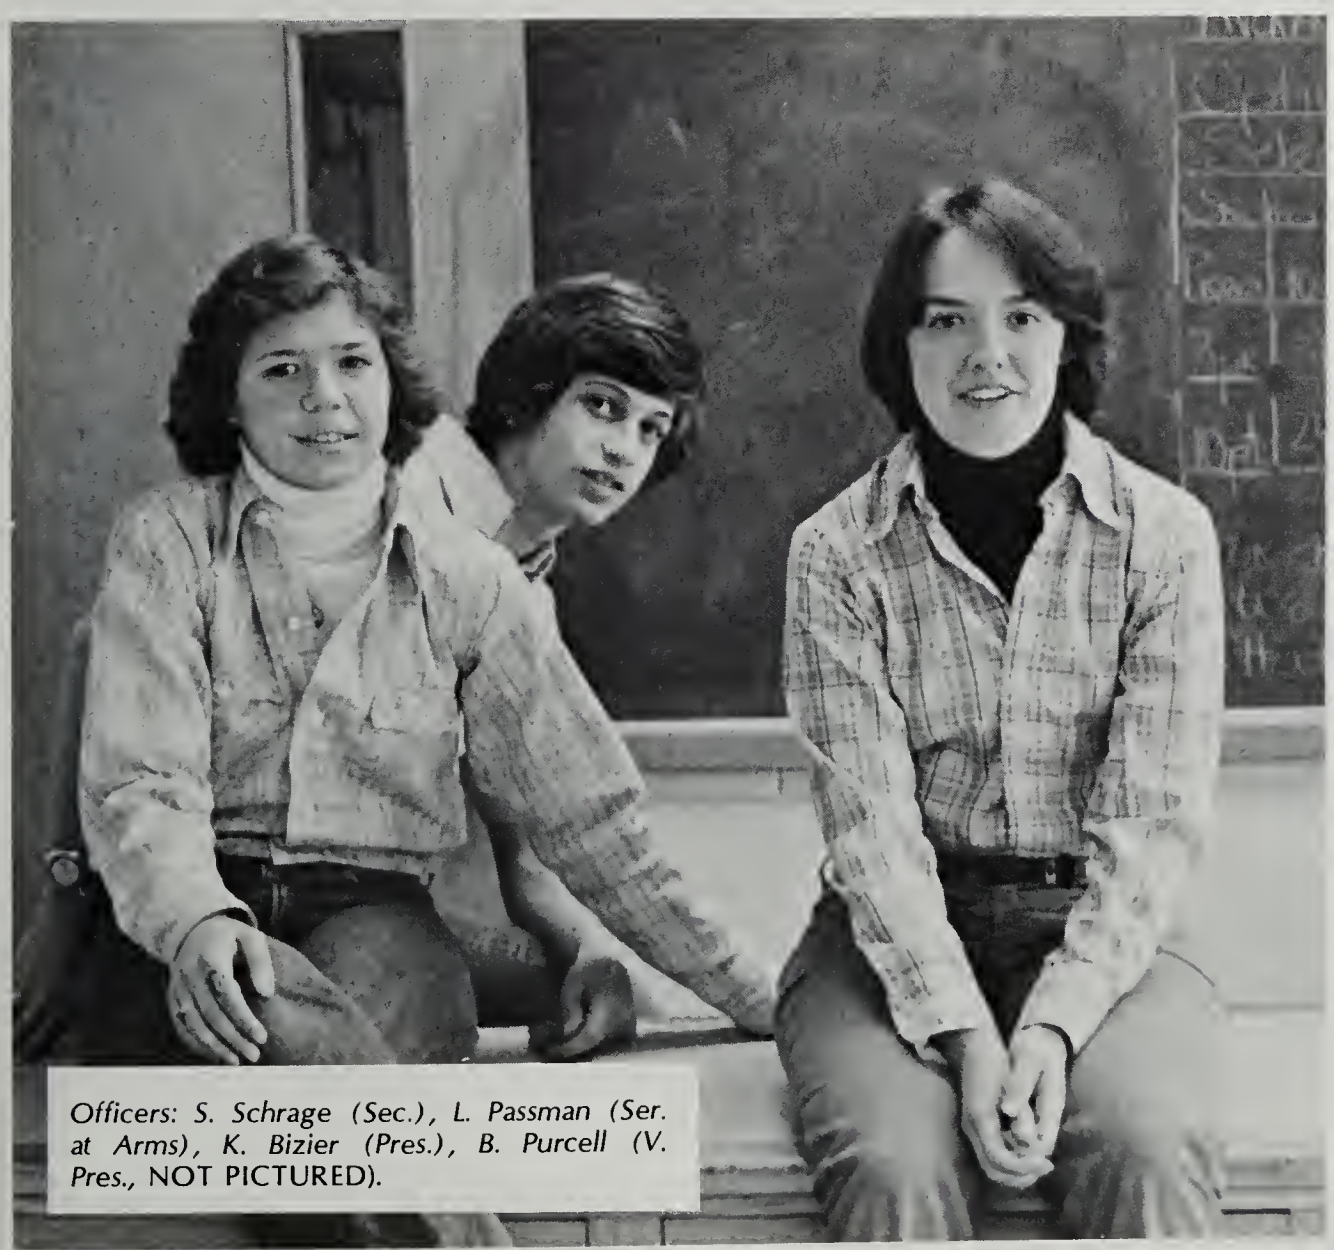
National Honor Society Achieves Its Goals



Officers: S. Schrage (Sec.), L. Passman (Ser. at Arms), K. Bizier (Pres.), B. Purcell (V. Pres., NOT PICTURED).

The National Honor Society, with its five goals—leadership, scholarship, citizenship, character, and service, is probably the most difficult and prestigious organization to enter at Mt. Vernon. Prerequisites for membership consist of a maintained 3.5 grade point average, acceptable ciriculum, extraciricular activities, and teacher recomendations. The National Honor Society is responsible for the operation of the Book Nook. They also sponsor the Bike-A-Thon, donating the proceeds to charity, serve as guides for Back to School Night, and are volunteer tutors at intermediate and elementary school.

French Club/Honor Society

The French Club and French Honor Society offer students the chance to explore in greater depth the French language and culture. The honor society is for students who have successfully completed two years of French. These advanced students often tutor beginning French students. About mid year, they reward themselves with a feast of native food.

Science Club/Plant Club

Science is a vital part of Mt. Vernon's extracurricular activities. Working and learning together about nature and each other is the main goal of the Horticulture Club. Through much hard work they have assisted in making the dream of building a school greenhouse a reality. George Dirner, club sponsor, and club members have succeeded in stocking the greenhouse with plants they have grown. Under the direction of Harold Swain, the Science Club was organized for those students with scientific interests. Experiments and trips to such places as the Naval Observatory helped them to broaden their knowledge in this field. Reaching out toward the unknown and finding out more about established facts are the major concerns.

Do you have a great idea for a new club? Does your club budget need help? Do you want to revise your club constitution? Or maybe you've got a fantastic theme for the prom or homecoming game? The place to take any of these ideas or problems is the Student Government. The group consists of three senators from each class and four officers. They organize the magazine drive each year which is the biggest money raising affair of the school. Over three thousands dollars is collected annually for Mount Vernon. This year the SGA senators voted to give the Audio Visual Department fifteen hundred dollars for film strips, tapes, and films. They also voted to give the science department eleven hundred dollars, to aid in building the greenhouse. This year the SGA held Student Exchange Day with Fort Hunt High School. They discussed student government and academics. They also attended a leadership workshop in the fall at Hayfield High School.

The Student Advisory Council is the students' link to the Fairfax County School Board and area supervisors. The council consists of four elected members who meet monthly to discuss student problems in the school and to advise the principal of these problems. One of the four representatives is also chosen to meet with other school representatives at county level. These school representatives elect one person to serve on the school board. While this person doesn't have voting rights, he does advise the board as to what students want. This year the SAC was instrumental in getting a sex education course in Fairfax County Schools.

DECA/VICA

For students who want jobs that involve skilled labor after high school, DECA and VICA both offer on the job training and classroom theory which includes communication, economics, and material usage. VICA is a club for students interested in trade, technical, or industrial jobs. DECA is an organization for those students who are interested in retailing and merchandise. Members of both clubs are expected to have jobs as part of their grade. Students in VICA are currently holding such jobs as lab assistant, carpenter, auto mechanic, surveyor, airline reservationist, and dental assistant. DECA students annually participate in a nationwide contest where they compete on local, state, and national levels. They re-enact "on the job situations" on which they are judged.

The Art Club provides a time and a place for art students to exchange ideas and to participate in a wide variety of artistic activities. The club hears lectures on different aspects of art, visits art galleries, and participates in group and individual projects, and critique sessions.

Preparing students for careers in the business world is the concern of the Future Business Leaders of America. Mount Vernon students show a definite interest in their future by joining the FBLA club. They are introduced to many facets of business through films and guest speakers during in-school field trips. The organization performs a community service each year by sponsoring a collection campaign for the March of Dimes.

If you're thinking of changing your image, a haircut might be a good place to start. The Mount Vernon High School Cosmetology Department has all the most modern and up to date equipment. They give manicures and pedicures, curls and cuts, and conditioners and colors, all for a reasonable rate three days a week. On Mondays and Tuesdays students work on theory. The girls participated in a charity canned food drive for United Community Ministries at Thanksgiving. They also journeyed to Hayfield High School to take place in a haircutting seminar taught by the winner of the National Haircutting Contest.

Future Famous Fashioners

Helen Haskett discusses new fashions with students A. Tinnin, Y. Wainwright, and N. Kopf.

A trip to New York's garment district and a chance to meet famous fashion designers highlighted the activities of the school year for the Fashion Associates Club. Another big event of the year was a trip to historic Williamsburg to observe eighteenth century clothes. Other activities included field trips to nearby stores and discussions of current fashion, selling techniques and planning fashion shows. This year's teacher, a new comer to Mount Vernon, is Miss. Helen Haskett who is a member of the Washington Fashion Group. She sponsored the charity benefit connected with the opening of Bloomingdales. Miss. Haskett taught at Herndon High prior to coming to Mount Vernon.

What has sixteens legs, eight heads, and demolishes everything in its path? The Mount Vernon Debate Team, of course! While still novices, debaters Kathy Ryan and Kelley Stalzer, studied for six weeks at Georgetown University last summer. They are currently debating at championship level. At the first invitational tournament of the year which was held at Springfield, they made it to quarter finals. At the Washington Forensics League Tournament held at Marshall High School, they placed fourth. Brian Camp, secretary of the team, and his partner, Dave McKnight, made it to octa finals in a national invitational tournament held at Wheaton. At a Washington Forensics League Tournament, also held at Wheaton, they placed second. Brian Camp also came in third over-all at the Student Congress held at Churchhill High School in December. Other team members include Pam Haye, Ron Walutes, Chris Gillman, and Scott Innis.

Bible Club Finds New Life.

"I found it!" a new life in Jesus Christ! This is what the Bible Club is all about. This year its membership has doubled over previous years. Learning, teaching, singing and praying together they grow spiritually. Mr. Harold Swain sponsors the club, which officially changed its name to "New Life." Members meet on Wednesdays during seventh period. Meetings are open to those who are interested.

Since the Fischer-Spassky Chess Tournament, participation in the game of chess has doubled nationwide—and is expected to keep rising. The members of the Mount Vernon High School Chess Club meet every week, under the sponsorship of Mr. Price to plan strategy and moves, and to enhance their game. They also attended a tournament this March, at Edison High School. The club is open to anyone who is interested. The only prerequisite is owning a chess set. While most of the members own sets costing between five and ten dollars, sets are available for as little as three dollars, or if ivory is preferred, for as much as one thousand.

Literary Club, Em Vee Hi; Style, In Other Words . . .

In the Fall '76, our school newspaper got a new sponor, Mrs. Julie Russell. She has since brought it to a level of quality that has stimulated the praise of students, teachers, and administrators. During the school year, the paper was noted for its honest and refreshing style of reporting news, and for its mature and sometimes controversial positions on the day's topics. Also, the EM VEE HI staff voted into office the first black Editor-in-chief, Tony Perkins, a senior, who along with his staff—was largely responsible for the quality of the material published.

Also working with words at Mount Vernon members of the Literary Club submit their work to club sponsor, Tod Crowley, for inclusion in the annual paper. Students talented in the writing field are encouraged to participate.

Contrary to popular belief, the Latin language is not dead. Latin is rapidly gaining in popularity here at Mount Vernon, and is pulling along side of the more frequently studied languages such as: German, French, and Spanish. In the past few years the Junior Classical League has witnessed this growth of interest in its size of membership. With a new sponsor, Ms. Betty Bartelmus, the Junior Classical League hopes to add new dimensions to the interest in the Latin language for years to come. Aside from learning about the language, the club is interested in studying Roman culture and civilization. For the past two years, the Junior Classical League has attended the Virginia State Latin Convention. The highpoint of the convention is an authentic Roman banquet at which Roman dress is required. It is stressed that one is not required to take Latin in order to be a Junior Classical League member.

Unbeaten Path Holds Up Greenhouse

The Unbeaten Path Club is a new club which was formed at the close of the last school year. Under the sponsorship of Mr. George Dirner, this club has played the single most important role in building the greenhouse. It has maintained two bulletin boards with news about concerts, ecology, and marijuana legislation, and it has participated in after-school clean-up campaigns.

Euclideans And Pythagoreans Match Wits

The hum of calculator batteries and the clicking of slide rules which emit from Ms. Lois Yearick's room can only be attributed to the Math Team's enthusiastic group activity. Talented math students vie biweekly against area high schools in mathmatical competitions. During a meet each team must solve thirty problems, earning points for each correct answer. Though the team receives little publicity at home, it has given Mt. Vernon a prestigious reputation in local math circles. The team has continued to hold a place no lower than fourth, out of more than thirty teams, throughout the entire school year.

Third Worlders Promote Activities

The Third World Experience, a group dedicated to raising consciousness about Blacks and their roots in the American society, provides an opportunity for students to explore the cultural aspects of America's most populous pure ethnic group.

The Third World Athletics Club, or TWA, was formed to promote sports in high school, especially girls' sports. Sponsored by year-round coach Ms. Deb Harlan, the TWA has already raised impressive sums to buy much needed equipment for the Mount Vernon girls' sports program.

"Act Well Your Part, For There The Honor Lies."

Above is the motto of an organization that strives for excellence in the dramatic arts. The more common name for this dramatic honor society is "Thespians." This society is comprised of students who are devoted to the theater—from the technical aspects to "treading the stage." This year the Thespians sponsored "Blithe Spirit," the annual thespian production, and the yearly variety show. Other activities were trips to West Virginia University, Albermarle High School in Charlottesville, and an upcoming trip to the North Carolina School of the Arts for a five-day conference during the summer.

Any theatrical production at Mt. Vernon High School could not go on without trusty "backstage crews." The most important of these groups is the Mt. Vernon High School Stage Lighting Crew. This group, which is comprised of qualified technicians and trainees, works hard to make a show great. Besides working with dramatic productions, the Stage Lighting Crew also works debates, choral and band concerts, and other outside activities sponsored by groups other than school groups. One could certainly say that the M.V. Stage Lighting Crew "made the sun shine" in the Little Theater of Mt. Vernon.

Audio Visual Department "Comes Alive!"

Almost every morning without fail, Radio Mt. Vernon brightens the day for students and faculty alike. The program features music of all types, from Bach to Bachman-Turner Overdrive, as well as light monologue, featuring trivia and announcements of peoples' birthdays.

The Video Club, which, like Radio Mt. Vernon, is sponsored by Mr. Terry McConnell, serves two purposes at the same time: it gives the club members the opportunity to work with sophisticated video equipment, while performing services for the other clubs—videotaping club activities for posterity.

Another technological club at Mt. Vernon is the Photo Club, a group devoted to exploring the photographic arts. This group is relatively new at Mt. Vernon, but in the three years it has been in existence, the club has broadened the lives of many students through photography.

Skiers Savor Snowy Season

As our largest and most popular club, its members are often called "powder-hound," "hotdogger," or "mogul basher," all of which classifies a person as a skier. The Ski Club members have rightfully earned these titles for their show of enthusiasm on the slopes. The high point of the season was an extended trip to Killington, Vermont, which as all trips, was made more affordable to club members through its reduced group rates. The venture to the north proved incredibly successful. Among other trips was a weekend at Hunter Mountain, New York. As the skiing season closed, the Ski Club left the slopes still echoing their battle cry, "more air!"

Surveyor Staff Produces "Grade A" Yearbook

Producing a good yearbook is a difficult task, in that it requires patience, creativity, and originality as well as a willingness to learn, as one goes along, the nit-picky rules and to abide by them. This year, the staff, which soared to nearly forty members, became an elective class or an alternative for fourth year English; thus, there was more structure and more rigidity. Aside from the hard work, there was also enjoyment and fulfillment. A closeness bound "yearbookers" together during the long hours after school that were spent brainstorming and checking copy. The staff packed page after page off to the factory, recieved and read the proofs of each page. There was much "pitching in" and helping of each other right before dreaded deadlines. Then the pages were finally in the mail. Finally, students were able to fondly and proudly view the finished product at the end of the year.

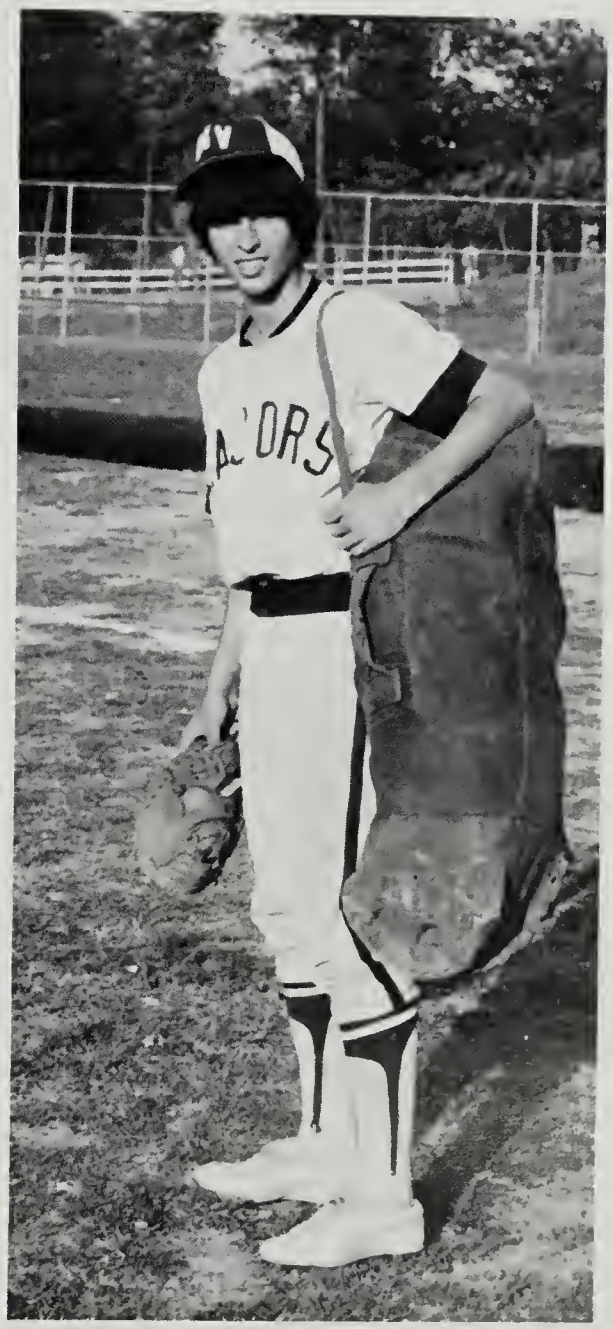
Majors Have A Spectacular Year

The Majors' Varsity Baseball Team went all the way to state finals, led by the captain, Tom Frye. Ending the '76 season with a 14-6 record, the pitching staff of Bob Rock, Atlee Hammaker, and Jim McGuire, had a combined E.R.A. of 0.99, (less than 1 run per game.) The hitting was a strong-point for the Majors' as Joe Bolton, Tom Frye, and Dave Freaney finished the season with high batting averages.



A Good Year For Girls' Softball

The Softball Team of '76 advanced to the Regional playoffs. Paula Shorten and Mary Siegrist were the outstanding players on the team. As a whole, the team finished with a 7-3 record.

Track—Near The Top Again

The Majors' Track Team finished another outstanding season. They placed fifth in the state, fourth in the region, third in the district, and achieved a four and one record through the regular season.

Outstanding track and field participants included Brett Eppert who "skyed" over seven feet and one quarter inch to gain the number one best high school jumper in the nation. Brett Eppert is also acclaimed "the world's best high school all-around jumper."

Mt. Vernon was also blessed with one of the best sprinters our school has had in years, Mike Brown, who burned a 9.9 hundred which ties the school record and took first place in the district meet.

Mount Vernon's 1976 Golf team will go down in the record books with one of its most successful seasons ever. The team, led by Vic "Egg" Esola, Chuck "the Bomber" Bombard, and Gary Etherington, won every match they entered. The Majors placed second at the Quantico Invitational, captured first place in both the district and regional competitions, and secured an impressive second place in the state competition. Team members included: Dom Palumbo, Jeff Sorenson, Dean "the machine" Ennulaut, Gary "Turkey" Davis, Doug Babcock, Chris Keeley, Mike Keene, Bill Mullen, and Harry "the half" Biehl.

G. Etherington, C. Bombard, G. Keeley, V. Esola

Six varsity soccer players received county recognition for performance during the 1976 season. Captain, Gary Etherington was named most valuable player and All Metropolitan offensive player for the year. Wayne Pinrod and Robby Winn were nominated for the all Gunston District team. The team placed second in the District competition. Bryan Heath was selected the Most Improved Player, by the team. The JV team had a season of seven wins and three loses.

The football season for the 1976 Majors was one of mixed results. The 3-7 record is not impressive on the surface, however, there were bright spots during the year. No doubt, the game that epitomized excitement was the 3rd game, against Langley. With the Majors leading by 6 in the first half, most Mt. Vernon fans thought that the game was in the bag, but, after Langley came back with 6 points late in the 4th quarter, the fans became less confident. Then, with fewer than 10 seconds left in the game, Ross Morres carried the ball to give the Majors a last-minute victory, 12 to 6, over Langley. The Majors ended the season with a 58-14 victory over Groveton.

Co-Captains Take Medals In Regionals

The '76 girls' tennis team played out their most successful season ever. The team ended the year with Fort Hunt 12-1, but lost to them in the playoffs 5-4 thus placing MV second in the district. In Individual play, senior Co-Captain Vicky Williams took the gold medal in singles for the third year in a row, then teamed up with junior Co-Captain Paige O'Neill to capture the gold in doubles. These girls completed district competition tournment, then the team moved on to play in the team regionals, but were eliminated in the first round of play. But again individually MV showed its awesome power. Vicky captured a bronze medal in singles. The super doubles team of Vicky and Paige outwitted their opponents to secure a silver in regional doubles after a loss to number one ranked girls from W-L. By the end of regional play, the co-captain partners had a superb record of 19-1. Vicky received the Most Valuable Player Award to climax her tennis season for MV.

Placing second in the Gunston District, the Mt. Vernon Varsity Swim Team has once again finished another successful season. With both limited practice time and facilities, this year's swimmers have shown thier personal dedication to their sport and their coach. By participating in money making projects on weekends and traveling time consuming distances have helped the Gunston District realize the need for Varsity swimming competition.

Coach Bo Jones commended his swimmers for the good attitude that helped them through his grueling practices of over 6000 yards swam twice weekly.

The MV varsity cagers got off to a successful start as they won their first eight games. With one of the smallest and youngest teams in the northern region, Mount Vernon was led by 6'4" senior, Jim McGuire, the tallest and most experienced player. Quick ballhandler Ronnie Diggs and Sharpshooter Eric Sellers helped to inspire the team to victory along with Tim McDonald and Sammy Zepka, other members of the starting five. Mount Vernon was chosen as "least likely to succeed" at the start of the season, but were rated third in the region by mid-year. One of the captains commented that '76 was a rebuilding year for the Majors with eight returning players. Only three squad members are leaving—Diggs, McGuire, and Rob Ciccone.

Major's Undefeated Christmas Tournament

The Mount Vernon Basketball Team won its own Christmas Invitational for the third straight year. The tournament itself is only three years old and Mount Vernon has won it everytime. The tournament record tallied 8-0 over the three years. The Majors made it into the finals against St. Albans by beating Good Counsel in overtime on Rob Ciccone's 35-foot jump shot at the buzzer. In the final, Mount Vernon beat St. Albans with a score of 66-54. Eric Sellers, along with the co-captains Jim McGuire and Ronnie Diggs, were named to the All-tournament team. Ronnie Diggs was named as the Most Valuable Player of the tournament.

Mount Vernon's Upcoming Shooting Stars

The Mount Vernon Junior Varsity Basketball Team completed a successful season. The ten man squad included nine sophomores and one freshman. In the highly competitive Gunston District, Norman Ackerson, Albert Brown, Joe Gaston, Chris Needham, Scott Swanson, and Darryl Wainwright performed well, while Greg Efthemes, Paul Hawkins, Scott Kennaugh, and Robert Moore played significant roles "coming off the bench." This total team effort deserved the credit for the Majors' success.

After two early losses the freshman basketball team went on to post one of its finest records in years. As of press time the frosh Majors carried a 12 game winning streak and a 14-2 record. A highlight of the season came in the West Springfield Christmas tournament which the Majors won. The team was marked by its togetherness and consistent effort by the entire 18 member squad.

Girls' Basketball

The Girls' Varsity and Jr. Varsity teams ended the 76-77 year with high spirited and enthusiastic players. Veterans from the J.V. team were Janet Chaloux, Diana Poland, Cindy Rieder, and Yvette Wainright. Veteran Varsity players include Terry Arbaugh, Lindy Sumler, Mary Jo Shine, and Linda Beaty. Mt. Vernon had a successful year for girls' sports. "Next year promises to be even better," commented a coach.

Social Studies

Psychology, sociology, economics, American studies, history, and government are among the many courses offered by the social studies department. Methods of presentation of materials vary in subject matter. However, this year video tapes have been very effectively used by many of the teachers. This media has been especially helpful during this election year. Students reactions have been most favorable towards social studies at Mt. Vernon.

Fine Arts

Have you ever had the urge to act? Or to sing? Or to be a great artist? Or to be in a marching band? If the answer to any of these questions is yes, then why don't you join the Performing Arts of the Art Department. There are several drama classes in which you can learn the fundamentals of acting, pantomime, speech, and back stage work, all of which are tought by Mr. A. Lee Pauley. In the art classes, Ms. Bellonby and Ms. Delrahim can teach you the basics of painting, sculpting, and many other things. From Mr. Dash, you can learn to play almost any instrument that you desire. Finally, under the direction of Ms. Hopkins, you can learn how to sing a fantastic solo. If any of these fields interest you, then why don't you join the Performing Arts or the Art Department right away!

The enthusiastic freshmen have brought an abundance of spirit and determination to the halls of M.V. High. This outlook has proved successful in their leading the magazine campaign with the highest sales, winning the pep jug at various times of the school year and winning the wall decorations for homecoming.

This spirit and determination to increase class treasury and to provide the class with a good name, show that by the year of 1980, Mount Vernon will be very proud of the Senior class.

Improving and revising the government has been a major step forward within the class of 1980. They have developed an Executive Council consisting of class officers, senators, and club chairpersons. Committees organized are fund raising, communications and spirit committees. Each has its responsibility in keeping the freshmen involved. A bulletin board and calendar is posted to help in communication with the members of the class.

We, the Sophomore class of 1979 were initiated into high school; we pulled through the hassling, backbreaking year that is known as Freshman Life! We attended football, baseball and basketball games, and made our voices heard at pep rallies. As freshmen, we left our mark on this marvelous school with our successful turkey raffle, doughnut sale, and the "memorable homecoming skit". More power to the class of 1979!

Reactions: Sophomore Style

We are computing another step upward and as time goes by it is clear that the class of '79 will make it to the top. Our future holds many dreams and as we strive for these dreams, we are growing, emotionally as well as physically. Our eyes are being opened to the many rewards that high school life has to offer; all we have to do is go out and involve ourselves to get the most from these rewards. "My how time flies when we are having a good time." This old saying summerizes the way our years at Mt. Vernon have gone, and will continue to go until the day we graduate. The key we hold, a quest for knowledge and unity, will open many doors, as long as we stand together; as a class, as one.

Bill Demers illustrates the difference between a student before lunch (Jim Boinest) and a student after lunch (Deke Johnson).

The sophomore year is said to be the most relaxed time of all the four years in high school. This is the period of school life when students have the time for others. Sophomores "know the ropes", thus they are on good enough terms with the upperclassmen to trust them. They don't have to cram just yet for SAT's and they spend time polishing up on their maturity because good impressions made on seniors are important to them. Oh, to be a sophomore is wonderful.

The Sub School II's "Ice cream man", Mrs. Barry, hands Steve Olson his favorite, while Mr. Kaz., contemplating calories, gazes longingly at the box.

In this past year, we as Juniors, have ventured into many new experiences. Our Junior year has meant more to most of us than just one more year until graduation. It has encompassed three years of fulfilling our aspirations.

Participation in Homecoming and Prom activities has shown us that responsibility and fun walk hand in hand.

We look forward to our Senior year and its many rewards. We also hope that we can live up to the expectations set by previous senior classes of Mount Vernon.

We, the graduates of 1977, are a special class, being the first to finish all four years at the new Mount Vernon. Throughout these years we have worked hard and have had many great times. The bonds of friendship we formed, have become the foundation upon which our class still thrives. We now look forward to graduation, and completing school in early June this year. Envisioned in our minds are new goals and challenges. But, which ever road we chose to fulfill them by, we will always hold close fond memories from the "halls of Em Vee High."

We Show Our Spirit By Getting Involved

Look out Farrell's, here comes some competition.

"Getta your tootsie-fruitsie Lan . . ."

After four years of diligent brainstorming during the months of September and October, the class of 1977 finally won 1st place in the annual Homecoming float contest. Our Farrell's replica, in keeping with the theme of Places to Eat, proved to be a great success. Our last Homecoming found us steeped in the glory of also having the best skit.

Seniors Work Toward Graduation

Speeches, diplomas, pomp and circumstance, baccaulaureate, laughter, cheers, hugs and tears—Graduation. A mixture of happiness touched with meloncoly sentiment fills the air. A sea of maroon and white caps and gowns are caught up in the tide of nervous excitement. This is it, the first mile-stone has been past. We are graduates at last, but now those four years seem to have flown by. What is next? Eagerly we look toward the future—we are ready.

Biology II . . . . A Monumental Challenge

Everything from organic chemistry to disecting fetal pigs makes up the Biology II agenda, which is a necessary "evil" for most college-bound seniors with an interest in biology. While students do a great deal of work, they also take time out to go on a field trip to Wallops Island in the spring. Students learn how to work hard and they profit from it.

Faces Tell Stories

What is a senior expression? Unlike the freshman, which is frightened, it is quite confident and poised. Senior facial expressions always reveal a mature composure, unlike the sophomores and juniors, whose expressions portray naive youthfulness. The suave and debonaire visage is shown on every senior's countenance.

Seniors . . . . Great Humorists

Laughter is the best medicine. A little bit of fun goes a long way. Seniors are terrific clowns. Many individuals are known for their pranks in school. Laughter is a wonderful cure for: upset stomachs caused by pop quizzes, and for clearing minds fogged by too much study, also for drying the tears of government flunkees, and making a long school day shorter. Thank goodness for this much needed outlet from the many pressures of our senior year. To sit back and laugh is good for our minds and souls.

We Are Just One Big Family

Laughing, crying, cramming, and socializing together—we seniors know each other well. After four years of seeing the same group of faces day after day, five days a week, we have become a family. There is a special bond between us. Love, care and knowledge about one another help to create this feeling. We have grown up together.

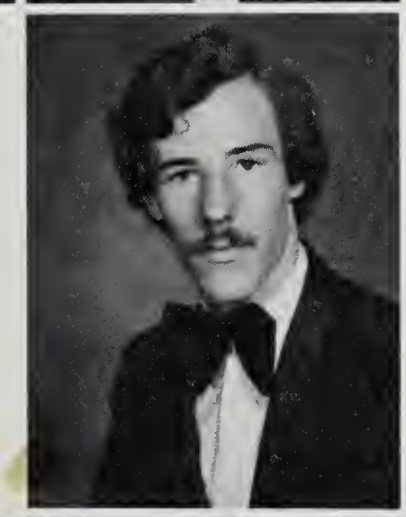
We Will Always Remember Our High School Friends



JAMES MICHAELSON
RONALD MILES

"We get by with a little help from our friends." Seniors stick together in rain or shine. Special friendships have been built over the past four years, our alliances strengthened with each passing year. Some of us will leave these friendships behind, many will keep in touch. Senior Students Cooperating . . .

Cooperating is a vital part of our senior makeup. Four years ago we were just beginning to realize how important cooperation was. Getting along with those around us was important in the learning process. We could not begin to learn together before we learned to live together. Now, the art is mastered.

Seniors Make Plans For The Future.

Mrs. Plyler asks, "Are you sure you want to apply to 50 colleges?"

SAT'S, Achievements, ACT's, application fees, teacher recommendations, essays, transcripts . . . Aagh! Someone stop the world; I want to get off!

Like every class before it, this year's senior class was faced with the annual task of selecting colleges and applying for admission. Who but a high school senior could answer questions such as "Identify an unsolved problem in your community and solve it?"

The job of applying to college has been made easier however, through the commendable efforts of Mt. Vernon's guidance department, headed by Mildred Lapsley.

Applying to colleges is not easy for anyone, but by the time this book is in your hands, the agonizing process will be over for the Class of '77, and will just be starting for the Class of '78. Eat your hearts out!

We Learn About Government And The Elections.

How fortunate was the class of '77 to be required to take Government during an election year! The effects of the infamous election research project were felt by the seniors as well as by the community: Sherwood Hall library became increasingly aware of the absence of election-related materials it once had, and area supermarkets were selling out of coffee, tea, and midnight oil. After the projects came the mock debates, at the end of which the senior class not-so-prophetically-predicted the election of Gerald Ford. Well, you can't win 'em all.

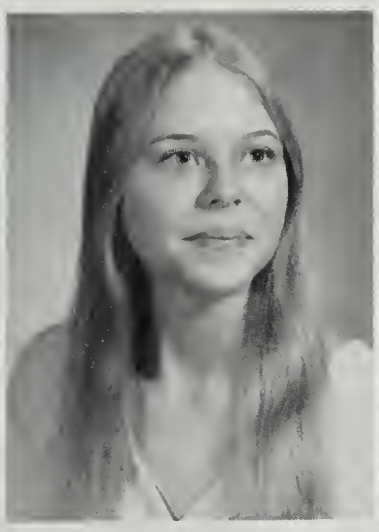
CHRISTOPHER ZWART.



Who says football players can't love flowers? Who says girls can't play football? If one doesn't learn anything else from high school, one learns to be versatile, to be an individual. The goal of a school education is to give students a broad range of knowledge, and to introduce them to subjects they may learn to love. Would there have been an Einstein if no one had required Albert to take Science?

We're in the neighborhood.

We at McDonald's didn't get to be America's largest chain of family restaurants just by serving good hamburgers.

Sure, we have good food. Fast service. And fair prices. But we're also proud of the other ways we've built our reputation.

Community involvement is one way. The people at your local McDonald's feel that they're part of the community, and that, as a part of the community, McDonald's has a responsibility to that community. At McDonald's *we're involved.*

McDonald's

More than just a restaurant in the neighborhood . . . .
A part of the community.

THE MARINE CORPS RESERVE . . . .

can put it all together for you. A special "85-Day Program" is available for high school seniors who desire to go on to higher education. This means that you can earn a minimum of $850 per year, obtain excellent on-the-job training, leadership experience and still attend college or trade school. Call us at Area Code 202 433-3612. We will be happy to fill you in on the details, and if you desire, we'll talk to you and your parents together.

OUR THANKS

Ever wondered who really produces the yearbooks one so eagerly awaits at the end of the year? Ever asked? Ever been told? Well we feel it is about time we gave everyone credit.

A BIG THANK YOU TO THE FOLLOWING

MacIntyre Studio—Sr. pictures, candids
Del Mar Studios—Underclass pictures
Mr. and Mrs. Howard Marler—Homecoming, developing and printing of our film
Mr. Neal Watson—Advisor
American Yearbook Company—printers
The Administration—for being flexible
Faculty—for their cooperation
Mr. Thomason and Mrs. Wilson—our sponsors
The students—for the events that made this yearbook possible
The Staff—for putting X,Y, and Z together

Without the above, we would soon forget the great 1977 memories.

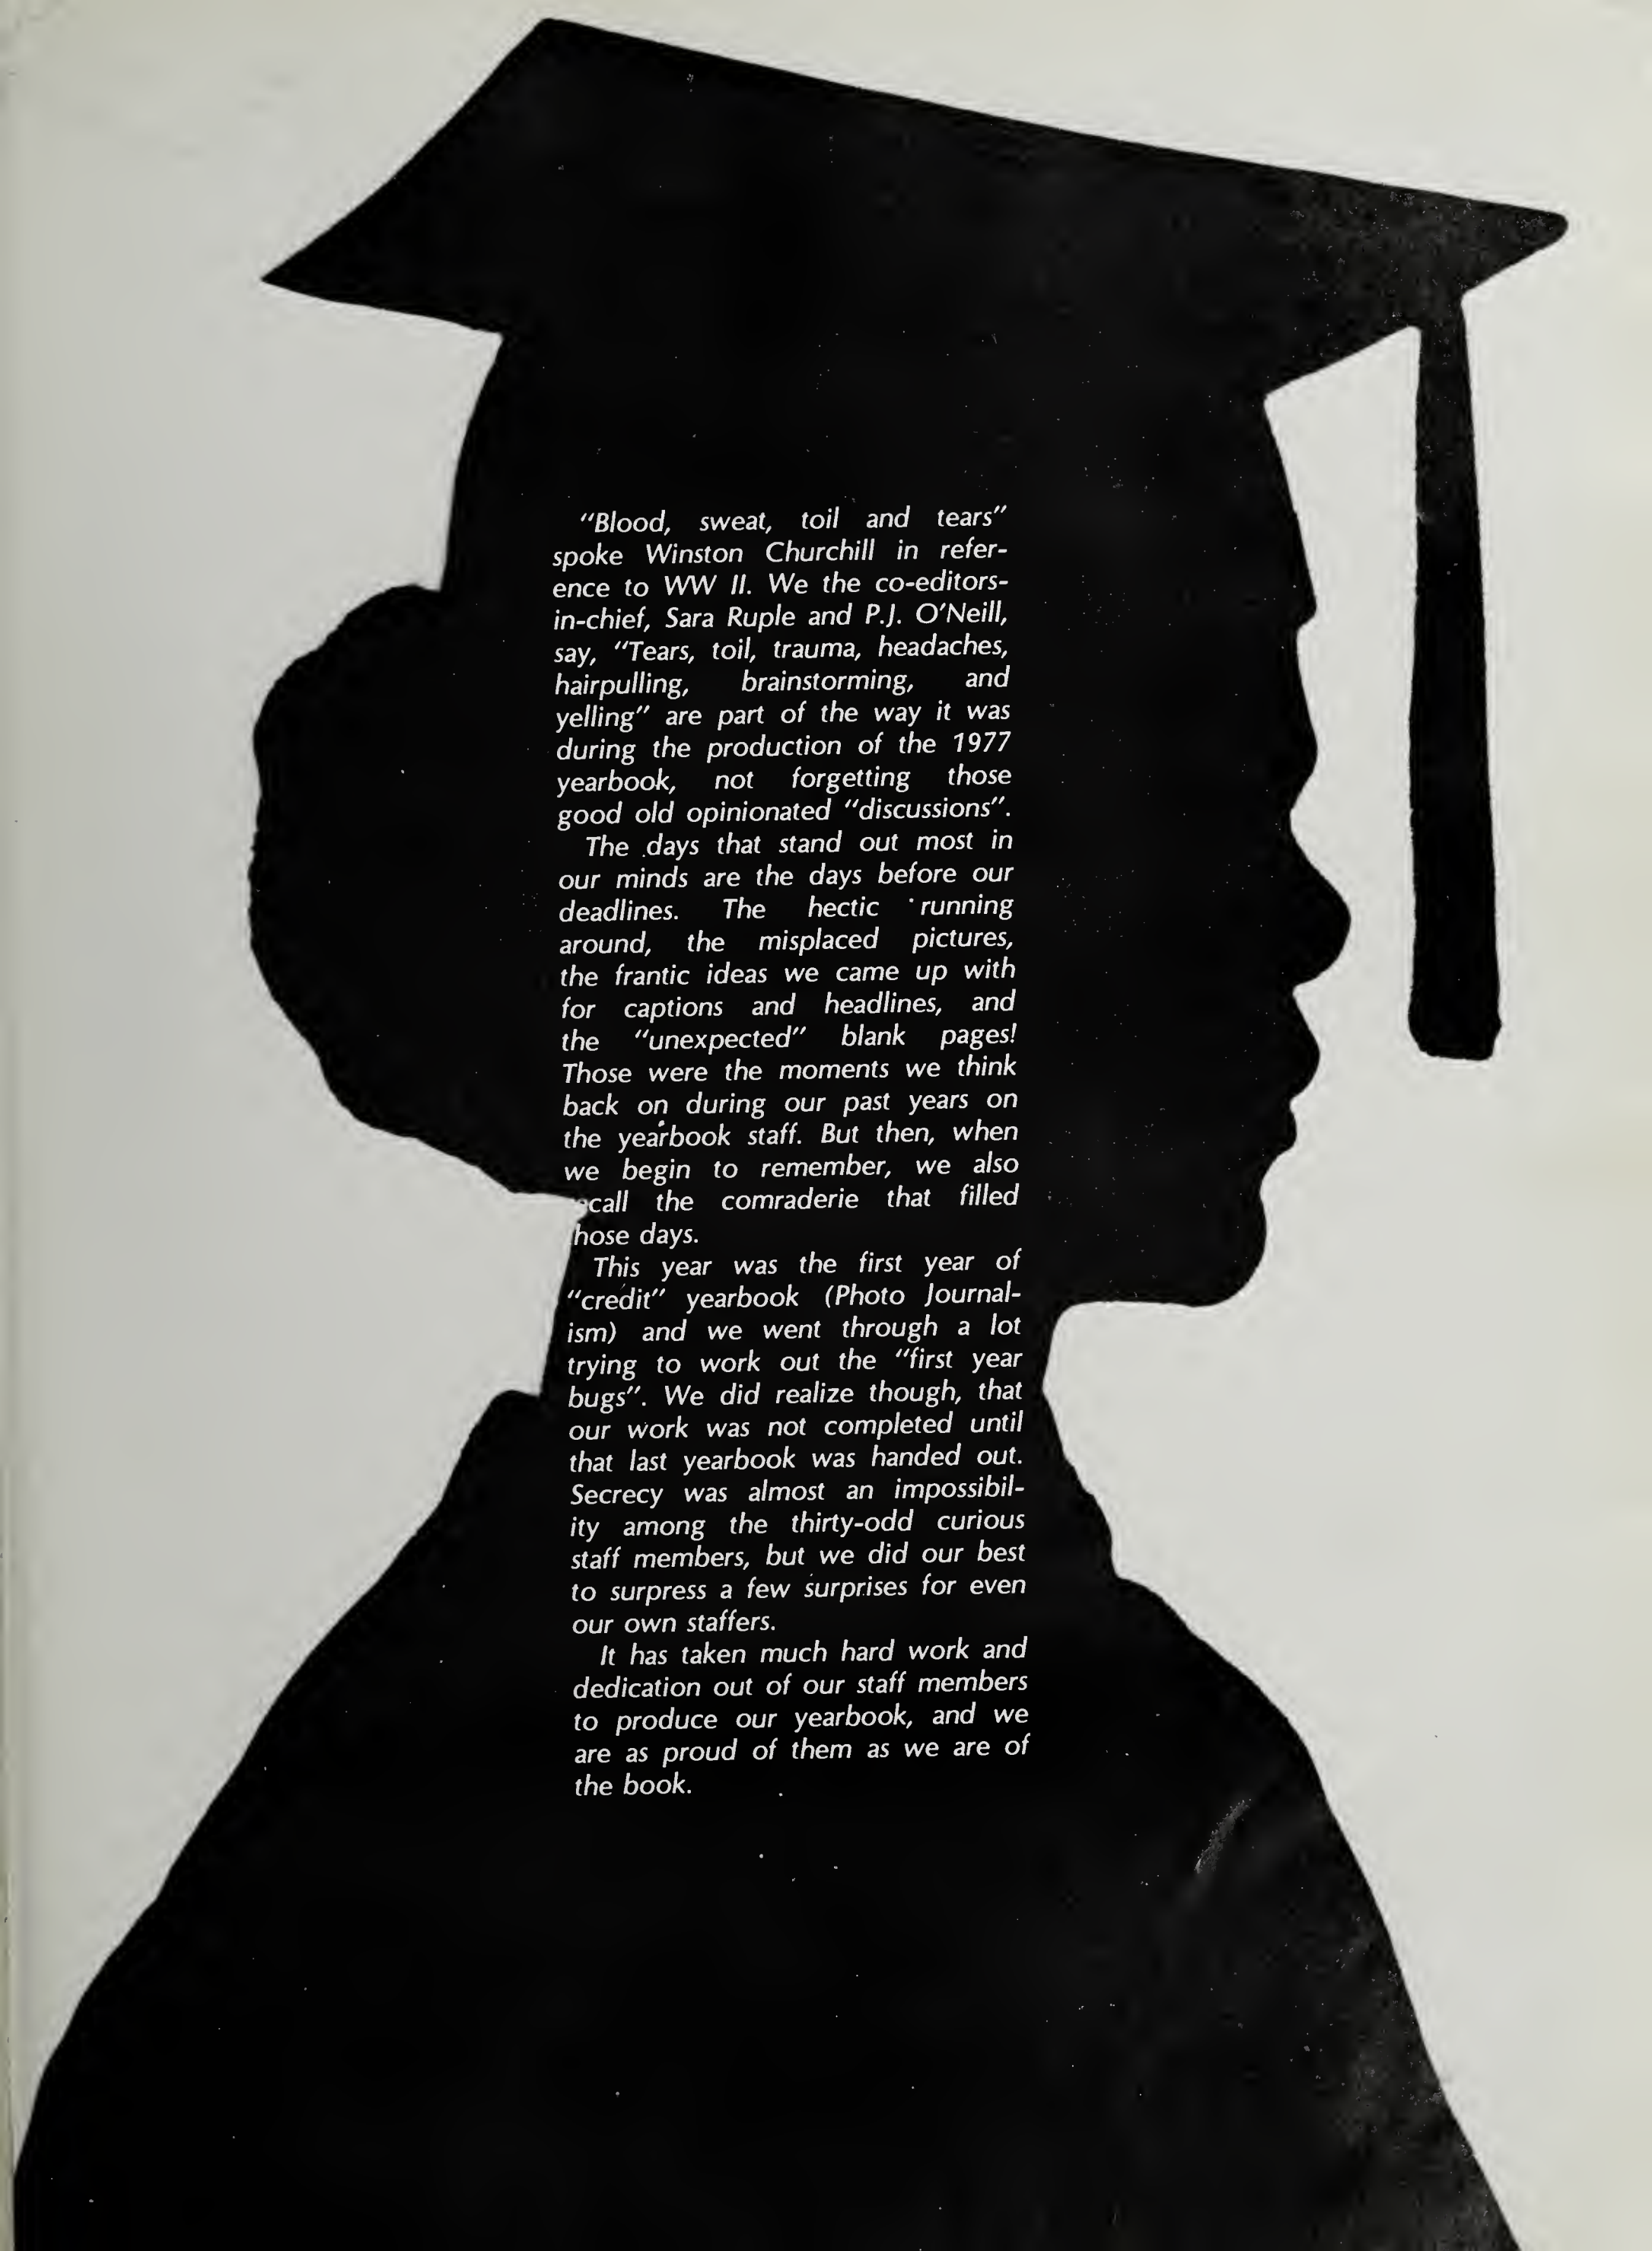
From us to you,

Sara Ruple
and
P.J. O'Neill

"To Turn Back The Pages Of Time

Is To Relive The Past!"

1977 Co-Editors Sara Ruple And PJ O'Neill



"Blood, sweat, toil and tears" spoke Winston Churchill in reference to WW II. We the co-editors-in-chief, Sara Ruple and P.J. O'Neill, say, "Tears, toil, trauma, headaches, hairpulling, brainstorming, and yelling" are part of the way it was during the production of the 1977 yearbook, not forgetting those good old opinionated "discussions".

The days that stand out most in our minds are the days before our deadlines. The hectic running around, the misplaced pictures, the frantic ideas we came up with for captions and headlines, and the "unexpected" blank pages! Those were the moments we think back on during our past years on the yearbook staff. But then, when we begin to remember, we also recall the comraderie that filled those days.

This year was the first year of "credit" yearbook (Photo Journalism) and we went through a lot trying to work out the "first year bugs". We did realize though, that our work was not completed until that last yearbook was handed out. Secrecy was almost an impossibility among the thirty-odd curious staff members, but we did our best to surpress a few surprises for even our own staffers.

It has taken much hard work and dedication out of our staff members to produce our yearbook, and we are as proud of them as we are of the book.

Randy:
We've been through a lot together - remember B.T.C., Beach boys, gymnastics parties, Tahoma dances. Just keep rollin' on down the highway in your spit and maybe we'll go to the beach this summer.

Mike (Lead) Moore

Randy,
I'm glad I was able to get to know you this year through key club. It's been a good year, & hope fully next year will be just as good. Have a great summer & best of luck always.

Randy,

Remember the Fort Hunt cannons (I wonder what color they are now. We've had some pretty good times together, and we'll have more next year. Have a good summer

Best of Luck

Proctor

Randy,
I didn't see much of you this year but we did have this summer together. Good luck in the future.

Randy,
Just think - this year is almost over. I don't believe we made it through Algebra. It's been fun, sorta. You are great in Gymnastics & you better win State. I hope you get to college, I mean in the Academy (if that's what you want) Good luck

Pete

Randy)

Randy,

Hey whaddaya we gonna go out this summer and totally munch out on all the food pictures we draw in $(H_2O) \pm O_2 \rightleftarrows Ag \pm N_2$". We got to get together this summer and got to the horse races or go swimming at Ft. Belvoir or my pool. Yeah you got to see this sayaurd I'm telling you about anyway. Or go out on the swing by the water.

Stay cool and I hope your In my classes next year. Cuz my stomach could not take it without those pictures.

Dave

Randy,
Just think - this is our 2nd year of math together. I don't believe we made it - Do you? It has been fun. I've loved this year. It's been great. I'm sure (or at least I hope) next year will even be better, especially being big SENIORS!! (WOW) I think you'll a really nice guy & I hope you never will change. Maybe I'll see you at the pool or at some parties. Hope so. Have fun this summer!

Love
